

**BP**

ITQ Options > BP (Battery Back Up)

- BP option ensures automatic return of the valve to a fail position in case of power fail.
- Rechargeable battery backup - Fail Safe Function

Specifications	
Incoming Power	85~265V AC $\pm$ 10 %, 50/60 Hz $\pm$ 2 %
Control Output	Relay Contact (250V AC/ 10 A)
Output Contacts	3EA (Open, Close, Power Alarm Relay)
Power Fail Safe Position	Close or Open (User Selection available)
Power Fail signal contact	Alarm Relay
Ambient Temperature	-10 ~ +60 °C
Ambient Humidity	90 % RH Max (Non-Condensation)
Dielectric Strength	1,800V AC / 1 Sec
Insulation Resistance	500V DC, more than 30 M Ohms
Vibration & Shock	XYZ AXIAL 10g (6gRMI)
Frequency	0.2 ~ 34Hz within 30 Min
LEDsignal indication	4 LED signals
	(BATTERY Charge, Torque, FULL Close, FULL Open)
