

ICM 1 / ICM 2

ITQ Options > ICM 1 (Integral Control Module) (ITQ0160~9000)
 - Auto-Phase Discriminator (easy wiring for 3phases)
 - Reversing electric contactor, Transformer, Phase Detector

ITQ Options > ICM 2 (Integral with LCD display) (ITQ0160~9000)
 - Including the same functions as ICM1
 - LCD Display

Specifications		
	Incoming Power	3Ph/ 220~440V AC
		1Ph/ 110,220V AC
	Control Power	24V DC (Internal Power)
	Magnetic Selector Switch	Open/ Close & Local/ Stop/ Remote
Local Lamp Indication	POWER	White (On)
	REMOTE	Blue (On)
	Close Torque Switch trip	Yellow (On) + Green (Flickering)
	Open Torque Switch trip	Yellow (On) + RED (Flickering)
	Full Close	Green (On)
	Closing	Green (Flickering)
	Full Open	Red (On)
	Opening	Red (Flickering)
	Single & Reversing Phasing	(Yellow + Green + Red) all flickering (only for 3phases)

*Options available: PK, CT, RPC, IP68, Explosion Proof, Bus Communication
